

Post-Surgical Bra

The Dale Post-Surgical Bra offers the soft support patients need following breast and thoracic surgeries.

Key Features

- ◆ Soft, seamless, breathable fabric stretches to accommodate edema without binding or irritating sensitive tissue.
- ◆ Multi-directional stretch provides uniform coverage over patient's chest and back.
- ◆ Front hook & loop closures facilitate inspection of the surgical site and dressing changes.
- ◆ Detachable straps allow for ease of application for caregivers and patients with limited arm movement.
- ◆ Provides maximum comfort throughout recovery, even while sleeping.
- ◆ Can be used to hold surgical dressings in place without tape.
- ◆ Not made with natural rubber latex.

For Use After a Wide Range of Procedures

- ◆ Oncology
- ◆ Mastectomy
- ◆ Lumpectomy
- ◆ Reconstruction
- ◆ Radiation
- ◆ MammoSite®
- ◆ Biopsy
- ◆ Fine needle aspiration
- ◆ Reduction
- ◆ Breast Lift
- ◆ Thoracic
