The Boston Globe Names DALE MEDICAL PRODUCTS, INC. a Top Place to Work for 2023

Magazine honors the best employers in Massachusetts

FRANKLIN, MA (DECEMBER 1, 2023) – DALE MEDICAL PRODUCTS, INC. has been named one of the *Top Places to Work* in Massachusetts in the 15th annual employee-based survey project from *The Boston Globe*. The *Top Places to Work 2023* issue publishes online at Globe.com/TopPlaces on the night of Wednesday, November 29 and in *Globe Magazine* on Sunday, December 3.

Top Places to Work recognizes the most admired workplaces in the state voted on by the people who know them best—their employees. The survey measures employee opinions about their company's direction, execution, connection, management, work, pay and benefits, and engagement. The employers are placed into one of four groups: small, with 50 to 99 employees; medium, with 100 to 249 workers; large, with 250 to 999; and largest, with 1,000 or more.

DALE MEDICAL PRODUCTS, INC. was ranked 35 in the SMALL BUSINESS category.

"We are very proud of this accolade and recognition. It is a rewarding tribute to our legacy in the patient care market we serve, and our strong culture driven by our employee owners." says Robert Simpson, Chief Executive Officer of Dale.

"The best employers are always striving to put their people first, whether they're honoring small individual accomplishments or adjusting company-wide policies to become more inclusive." said Katie Johnston, the Globe's Top Places to Work editor.

The rankings in *Top Places to Work* are based on confidential survey information collected by Energage (formerly WorkplaceDynamics), an independent company specializing in employee engagement and retention, from more than 137K individuals at 347 Massachusetts organizations. The winners are constantly working to improve their workplaces, from investigating how artificial intelligence can assist workers, not replace them, to helping workers get to know each other in an increasingly hybrid world.

Top Places to Work online extras include sortable rankings and features showcasing companies that are going the extra mile to make their workplaces more supportive and responsive to their employees' ever-changing needs.
